

ALEXANDRIA SENDS
TEN MORE TO CAMPCompletes City's 40 Per Cent Quota
of National Army.

THE HERALD BUREAU.
H. E. Knight & Son,
42-42 King Street.

Alexandria, Va., Oct. 6.—Ten more men from this city and Alexandria County entrained at 12:15 o'clock this afternoon for Camp Lee, Petersburg, Va., and they were accompanied to the railway station by the members of the local draft board. This represents the completion of the local board's 40 per cent of the second increment, less two men. The two additional men expected to go next week.

The men who departed this afternoon are: Albert Ryland Fones, 500 South Henry street; Delbert Bottinger, Arlington, Va.; Fred Mallon, Fort Myer Heights, Va.; Walter Scott Smith Del Ray, Va.; Clinton L. Herbert, 23 North Fairfax street; Eugene Wilburn, 231 South St. Asaph street; Samuel J. Haynes, Cameron apartment; John L. Gerlach, 307 South Washington street; John W. Drown, 214 South Fairfax street; Frederick W. Rice, Ballston, Va.

Brief stays were granted by the board to the following persons, who were scheduled to go today: C. Harold Clark, 395 Sixth avenue, Huntington, W. Va.; William Edward Kettland, 412 South Lee street; William B. Traylor, Ballston, and Charles B. Sullivan, 22 North Columbus street.

Each man before departing was provided with a comfort kit, the gift of the refreshment corps of the American Red Cross.

Alexandria smokers and chewers of

tobacco today found that they too were helping to pay for the war when many of the retail dealers raised the price of 5-cent cigarettes to 6 cents, 10-cent cigarettes to 12 cents and the 15-cent variety to 17 cents. Smoking and chewing tobacco was raised from 5 to 6 cents. Some of the retailers have also increased the prices of cigars.

Sheriff Howard B. Fields, of Alexandria County, has arrested one white and three colored men on charges of failing to report to the local exemption board to undergo the required physical examination. These men have been turned over by him to the military authorities.

Miss Caroline E. Howard, 54 years old, whose birthday was yesterday, died yesterday afternoon at her home on Seminary Hill, Fairfax County. She was the wife of the late Mr. Howard, who died in 1915. Her funeral will take place from her late residence at 3 o'clock Sunday afternoon.

The October term of the Corporation Court, Judge L. C. Barley presiding, will convene at 11 o'clock Monday, at which time the docket will be called, and cases set for trial.

The body of Miss Minnie E. Newton, a former resident, whose funeral was held in Washington today at St. Paul's P. E. Church, was brought here this afternoon and buried in St. Paul's Cemetery.

Russell Thompson, who has been ill for several weeks with typhoid fever, at the home of his parents, Mr. and Mrs. Luther H. Thompson, is improving.

Soap rubbed into the finger nails before working in the garden will keep out much of the dirt and keep the nails from looking dirty.

RAISING CAMP FUND
TO PROTECT TROOPSCommunity Organization Will Work
Outside Cantonments.

How the work of the War Camp Recreation Fund organization, outside the camps and training camps, differs from that of the Young Men's Christian Association and the other bodies engaged in war camp work was explained by the officials in charge of the campaign at the headquarters, 1219 G street northwest, yesterday. National Chairman John N. Willy, in his appeal to the Chamber of Commerce and other commercial organizations, calls attention to the need of a national fund to assist the communities adjacent to the camps and cantonments in their efforts to help with the work of assisting in the care of the boys under arms, and he calls upon the commercial bodies for their skilled help.

The managers of the campaign further showed yesterday that the act provided for as a result of the present campaign are all to be outside the camp boundaries, supplementary to the Y. M. C. A. and other work within the camps, and directly aimed to make the burden of the citizens of the community lighter.

That the American people are fully appreciative of the importance of this work and of the responsibility resting upon all of them, is indicated by the responses already received to Chairman Willy's appeal. Co-operation has been promised by the directors of very many organizations, representative of widely separate parts of the country.

Indiana's enthusiasm for war work is well known.

START SEDITION WAR

CONTINUED FROM PAGE ONE.

I. W. W. troubles in the lumber and mining districts of the Northwest to any other phase of German machinations. But the fact is that the underground enemy propaganda work among the farmers of the Northwest—the campaign which came to a head at the recent convention held at St. Paul, which Senator La Follette addressed—caused more anxiety to the White House.

The farmers can either make or break Hooverism, and the whole food conservation program. Some of them have threatened to break it. They are disaffected on two counts—the failure to tax wealth in the current war revenue bill in accordance with radical ideas, and the cutting of agrarian profits in the \$2.50 per bushel price fixed for wheat, which went up fully 50 per cent of the "war profits" on which they were counting. They say they are willing to stand this cut, provided the steel, copper, and other magnates are forced to abandon profiteering. Enemy agents are busy spreading the poison that this has not been done, that Wall Street controls the conduct of the war.

It is imperative that this propaganda among the farmers be scotched and killed at once. Otherwise there will be a most disastrous anti-war flare-back by the time that the new Congress convenes next December. The pivotal part of the Wilson strength comes from the substantial agricultural classes of the Mississippi Valley and the Northwest, and it is essential that it be held to the President's support.

Much of the administration bitterness against La Follette and Grona is due to the fact that they have fanned the flame of discontent and disaffection in these States. These Senators, it is said, have lent aid and encouragement to the scores of enemy agents in the Northwest, the effect of whose work is now becoming apparent. For this reason the administration is going to adopt a genuine "rightfulness" toward anything which savors of sedition in Iowa, Minnesota, and the Dakotas, Wisconsin, and contiguous territory. It will be drastic; there is no question about that.

Scores of small weekly publications have already been put out of business. Postmaster General Burleson is proceeding with an "iron hand." He is not taking the public into his confidence. He is as secretive as the Secret Service, and it is impossible to get any idea as to how many publications have been denied the use of the mails and suppressed, or how many will be in the near future. In the same way the round-up of aliens and enemy agents is proceeding under the eye of the Department of Justice, and only the most sensational part of the work is receiving any publicity whatsoever.

Certain Dangers.
There is a certain danger involved in these "doings in the dark," and friends of the President have not been slow to point it out. So far their appeals have been vain.

It is clear that the new policy is bound to create profound distrust among many interests which are loyal in support of the White House. It is expressed unmistakably in such radical publications as the New Republic, one of whose editors, Walter Lippmann, is now a confidential assistant to Secretary of War Baker. The New Republic takes strong exception to the suppression of Max Eastman's paper, the Masses, and to the throttling of all discussion of American war aims at the present time. Its attitude expresses the opinion of many influential men in the administration. These, however, have not been heeded, and the President is determined to resort to the strongest measures to keep the nation in line with his war policy.

Public Warehouse Hearings.
Public hearings to consider rules and regulations to govern the administration of the U. S. warehouse act as it relates to cotton, will be held in thirteen cities of the cotton producing States and in Washington, D. C., beginning October 12 and extending to October 31.—This was announced here following the adjournment of a conference of bankers, warehousemen, underwriters, and other interested parties called to meet with officials of the Bureau of Markets of the United States Department of Agriculture to consider a tentative draft of rules and regulations.

**Tramp Is Locked Up
As Slacker Suspect;
Wouldn't Sign Card**

Herbert Keppeler, who admits being a tramp, was lodged in jail charged with failure to register for the draft.

The man was picked up on Georgia avenue by Detective Brown, because he was homeless. When he gave his age at the police station he was asked to show a registration card. He had none.

When taken to the District Building to see Provost Marshall Donovan, Keppeler refused even then to sign his name to the card. Detective Brown then brought him into Police Court and from there he was sent over to Attorney Arth, who has charge of the prosecution of slackers.

Keppeler said he was born in Brookville, Ohio, and had been in four years on the road. He was held in \$2,000 bond for the grand jury.

ALIEN SLACKER BILL
GOES OVER IN HOUSEEffort to Have Measure Acted Upon
Before Adjournment Fails.

Another effort to bring up the alien slackers question and force speedy action toward getting foreigners into military service failed in the House yesterday afternoon. Representative John J. Rogers, of Massachusetts, called up a resolution directing the Secretary of State to push negotiations with foreign powers to the utmost of his ability, and report back to Congress at the December session on his progress. The resolution was designed to get aliens into service along with American youth before the spring calls to the colors.

Representative Rogers, of Ohio, opposed the measure and although Rogers had the aid of several representatives who pointed to injustices in their districts done by exempting numerous aliens, was able to block it. When it came to a vote, every man

present called "Aye." Gordon made a point of no quorum. There was no quorum present and Rogers withdrew his measure. It was thought that a call of the members would give Rogers a victory, but the House had only fifteen minutes before adjournment, not enough time in which to round up absent members.

**PLAN JOINT MEETINGS
WITH TRADE BODIES**

Because in his opinion it was a step in the direction of bringing the citizens of the District into closer touch with their government, Commissioner Brownlow yesterday endorsed the suggestion for a joint meeting monthly of the Commissioners and the Chamber of Commerce.

Originating with A. Leftwich Sinclair, president of the Chamber of Commerce, that body at its last meeting elected Sinclair and the two vice-presidents a committee to wait on the Commissioners and invite them to attend the monthly directors' meetings of the commercial body.

This will be done as soon as W. Gwynn Gardiner is sworn in as a member of the board.

"CHOCOLATE" FUND
INCREASING DAILYWomen Secure Firm to Manufacture
Sweets for Soldiers.

Announcement was made yesterday by the campaign manager of the Adrienne de Lafayette chocolate fund, Mrs. J. B. Coates, that the campaign to secure funds to furnish "our boys" with "sweets" has proven so successful that a factory has been secured for the manufacture of chocolate.

"I am particularly pleased with the success of the campaign, and letters are arriving daily from every corner of the United States with checks," said Mrs. Coates yesterday.

Recent recruits drafted into the "Chocolate Soldier Army" were Miss Blanche Green, Miss Kathleen Perkins, Miss Jane Fleishach and Mrs. M. C. Klein.

Captain Dorothy Coates, of the "Chocolate Soldiers," reports that her company is composed of the prettiest girls in the city, and story is the heart of
